

## WILLSDEN PRIMARY SCHOOL

NUMBER OF STUDENTS: 141

LOCATION: Port Augusta, SA

ABOUT US: Willsden Primary School is located in the small city of Port Augusta, which is often referred to as the 'Crossroad of Australia'—where the desert meets the sea. Our school vision is 'Growing Good to Great'. We provide an encouraging, safe and secure environment for students and see reading as the pathway to them, reaching their full potential and achieving success.

Books in Homes involves the whole school community, establishing reading as an enjoyable activity that facilitates bonding, engagement and conversation between students and their families. The Books in Homes program, through the generous support from our sponsor OZ Minerals, allows all our students access to high quality books with a range to satisfy all ages and interest levels.

OZ Minerals was introduced to Books in Homes by long-time sponsor Ausenco when they partnered to fund Willsden Primary School through 2019/2020. OZ Minerals has continued with the Willsden sponsorship, as well as now sponsoring three other schools in the Port Augusta region, whilst Ausenco continues to sponsor four schools in Queensland and WA. Thank you, Ausenco, and thank you, OZ Minerals.
