

NUMBER OF STUDENTS: 15

LOCATION: Brungle, NSW

ABOUT US: We love our small school, which is located in the Central East Riverina region of NSW. Cows graze in the green paddocks on the hillside beside our playground. We are also lucky to have hundreds of native birds visit our school grounds and bush gardens. Some of our parents, grandparents and even great-grandparents attended our school in the past.

Our favourite time of the year is when the books arrive from Books in Homes with the support of our Sponsor, Sydney Sock Project, and we get to choose from a fabulous selection of books. We were lucky to meet the Founder, Andres Herrero, at one of our Book Giving Assemblies.

We look forward to reading the books in class and sharing stories with our classmates before taking them home. Some of us are collecting a series to read over and over again. We are so thankful to the Sydney Sock Project and Books in Homes for this wonderful opportunity.
